- **University : Savitribai Phule Pune University**
- Bachelor of Engineering (BE) in **Information Technology**   CGPA: **8.64**

KTHM college Nashik   **2020 - 2021**
- *HSC (Class XII)*   *Percentage: **80.3%***

Sindhu Sagar Academy, Nashik   **2018 - 2019**
- *SSC (Class X)*   *Percentage: **78.40%***

Skills

Programming & Development: C++, Python, JavaScript, PHP, HTML, CSS, React, Node.js, MongoDB, MySQL, object-oriented programming, data structures and algorithms.

Tools & Technologies: Git, PowerBI, Data Analytics, Machine Learning, Tailwind CSS, Agile methodologies

Soft Skills: Decision Making, Adaptive Thinking, Problem Solving, Analytical Thinking, Team Collaboration, Stakeholder Communication

Projects

1. **Maratha Vidya Prasarak Samaj's Placement Portal | URL: mvpplacement.in**   **March'24**

   Maratha Vidya Prasarak Samaj's Campus Placement Portal is a comprehensive online platform designed to streamline the campus recruitment process
   - Developed a comprehensive **job portal** with **student and admin dashboards**.
   - Tracked placed student stats and **managed data across 44 institutions and around 7,000 active students**.
   - Enabled students to **input/edit details**, create resumes, and apply for jobs.
   - Allowed admin job posting, viewing applicant numbers, and downloading student data/resumes in Excel.

2. **ATS (Application Tracking System) | URL: https://jobsyncer.onrender.com/**   **Dec'23**

   *An automated resume screening and analysis system to **streamline the recruitment process***
   - Developed an ATS using **HTML, CSS, JavaScript, and Python Flask**.
   - Processed resumes in **doc and pdf formats**, converting them to text.
   - **Matched keywords from job description**s, identified key sections in resumes, and **scored them**.
   - Provided **suggestions for improvement** to enhance resume quality.

3. **AI-Powered Interview |**   **Working**

   The AI-Powered Interview and ATS System is an innovative platform designed to automate and enhance recruitment processes through advanced AI models.
   - **Developed a holistic recruitment platform** with integrated HR interview, Technical interview, and ATS modules.
   - **HR Model**: Real-time emotion detection and voice transcription with feedback analysis.
   - **Technical Model**: Domain-specific technical questioning and semantic answer analysis using NLP techniques.
   - **ATS Module**: Automated resume parsing, candidate scoring, and dashboard for seamless applicant tracking.
   - Handled **live communication** via sockets, allowing dynamic feedback and question retrieval for interviews.

Work Experience

1. Freelancing | URL: mkphotographyandfilms.com   **Feb'24 - May'24**

- Developed a photography portfolio website using HTML, CSS, JavaScript, PHP, and MySQL, with a CMS for easy content updates. **Increased** client's customer base by **50%** through improved user experience and website functionality.
- Collaborated with stakeholders and led the development process, ensuring alignment with business objectives and adherence to secure coding practices.

2. IEEE (BOMBAY SECTION): Full Stack Developer   **Sept'23 – Nov'**

Contributed to an open-source project by creating 50 modules for developers worldwide. Implemented automated build and deployment pipelines, enhancing development efficiency and reliability. Collaborated with diverse developers, fostering effective communication to achieve project goals. Actively advocated for open-source, providing valuable resources for the global developer community.

Academic and Extracurricular Achievements

- **2nd Rank at KBTCOE State level Hackathon 2024**
- **Prize for Unnat Bharat Abhiyan Website Project**
- **Runner Up of Winjit's Website building competition.**
- **One of the top 20 teams in Fintank Competition**

Certifications

- **Cyber Security:**   Certificate issued by Udemy for Ethical Hacking and Cyber Security practices .   View
- **Google Advanced Data Analytics** : Certificate issued by Coursera   View
